CR 123875/31831 New Mastercard Number Range

MasterCard has announced that they will add a new 2 series BIN range effective October 2016. The BIN range (2221000000000000-2720999999999999) will be processed with and in the same manner as the existing 51-55 BIN range (5100000000000000 – 5599999999999999).

This range will be added automatically with the update to 10.2.138.0170 (RFC: 13624)

CR 127286/31832 Screens are falling off and not showing the top of the screens

Screens are falling off and not showing the top of the screens, reservation query screen is causing for most hotels the biggest issue. Issue started since update to 10.2.137.

Version 10.2.138.0170
